

ADRIÁN DOMÍNGUEZ CASASOLA

Software Engineer

Mexico City, Mexico adriandomc@gmail.com Portfolio +52 (55) 3254 7332 GitHub LinkedIn

SUMMARY

Software engineer dedicated to building robust, user-centric web platforms from 0 to 1. With a solid foundation in full-stack ecosystems, I deliver scalable, high-impact solutions for industries ranging from retail POS to corporate banking.

SKILLS

React Svelte TypeScript Node.js PHP Astro SCSS MongoDB PostgreSQL Docker Git

EXPERIENCE

Co-founder / Engineering Lead February 2026 - Present

VoltAlfa Corporation · Mexico City

- Led an engineering team to build a local-first POS system for desktop and mobile.
- Built a dev-tools platform with self-hosted services for documentation and diagrams.

Software Solutions Developer August 2025 - Present

BBVA Mexico · Mexico City

- Developed scalable frontend components for corporate banking applications using CELLS and WebComponents.
- Led QA testing sessions, generating manual and automated test cases to ensure reliability across user flows.

Full-stack Developer October 2024 - August 2025

WAAK Technologies · Mexico City

- Developed web platforms for large-scale clients, featuring multi-tenant databases and mobile integration.
- Integrated APIs to engineer data visualization tools and real-time unit tracking maps.

Front-end Developer September 2021 - October 2024

Freelancer · Mexico City

- Built a retail POS platform with real-time interactions, deployed via Docker and Coolify.
- Implemented frontend solutions optimizing performance and UX across diverse client projects.

PROJECTS

ZapaPOS 🔗

Multi-tenant POS web platform for retail with a window-based interface.

Meteor Svelte Typescript MongoDB

Qastor 🔗

QA tool for manual test cases and suites creation and evidence gathering automation.

React Rust Tauri Deno

Markal 🔗

Real-time collaboration tool for calendar marking and Google Drive sync

Lit Typescript Astro WebRTC

Sloth 🔗

Interactive tool for creating design systems/web components with a no-code approach

React Rust Tauri Deno

EDUCATION

Universidad Autónoma Metropolitana Azcapotzalco 2019 - 2024

Undergraduate studies in Physics Engineering (incomplete)
